The following two pages contain additional testing and application information. The application process has changed, effective April 2006. Applications will now be reviewed by members of the Lafayette Police Merit Commission who will recommend which applicants will proceed to the next phase of the process (Written Testing). The Merit Commission will make decisions based on the information contained in the application, the appearance, & completeness of the application and required documents.

Every applicant that proceeds through the process will possess the minimum qualifications but testing will be at the discretion of the Merit Commission.

A description of the written aptitude test procedures is presented below. Please examine these procedures to ensure that you fully understand them, since each applicant has the responsibility of informing the department of any difficulties or problems created by these procedures. Applicants who wish to report any concerns about these procedures should contact the department no later than one week prior to the test date. The times, date and location of written testing will be provided to those who are selected by the Merit Commission for testing.

A study session will begin immediately after the completion of the registration period. The instructions for the study session will be read aloud by a test monitor. During the study session, each applicant will be given two (2) hours or three and a half (3 ½) hours (test and study times depend on the version of the test given) to study a variety of printed materials. These materials will include printed text, line drawings, written instructions, and pictures. These study materials are the basis for the aptitude test which will be administered following the study session. There will be a lunch break between the study session and test.

Applicants are allowed to make written notes about the study materials. However, these notes must be written on paper, which will be provided by the test monitor. Also, each applicant must turn in his/her notes to the test monitor at the conclusion of the study session and may not be consulted during the test.

During the study session you may take as many breaks as you like. Please note, however, that these breaks will shorten the amount of time you will have for studying. You may leave early from the study session. However, once you decide to leave from the study session you must turn in your materials and you will not be allowed back until the registration period for the test.

Applicants will be given one hour for lunch. Lunch will not be provided. Instead, you will be required to leave the test site and to provide your own lunch. There are a number of restaurants in the immediate area and directions will be available. The test session will begin with the re-registration of each applicant. Instructions for the test will be read aloud by the test monitor. The test will require that applicants read printed materials and record their answers on an optically scanned computer sheet. Applicants will be required to use a pencil to record their answers. You will have either one and a half (1.5) or two and one half (2 ½) hours (again, depending on which version of the test is given) to complete the examination.

All questions on the examination will be drawn directly from materials provided during the study session. You must learn the study material presented during the morning to do well on the examination. Note this important instruction: You will not be allowed to take the exam if you did not attend and register for the study session.

Do not bring notebooks or other study materials with you to the testing site. All necessary materials, including notebook paper and pencils will be provided to you.

Some tips that might help make your test date more comfortable and successful:

1. Answer every question on the test, even if you have to guess-there is no penalty for guessing.
2. Take your time- there should be plenty of time in both the study session and the test period.
3. Bring money to buy lunch – lunch will not be provided.
4. Arrange for transportation – you may need a ride to restaurants
5. Listen carefully to the monitor's instructions.
6. Make certain your answers are entered into the correct spaces on the answer sheet
7. If you have trouble with a particular question, skip it and return to it later
8. Be certain that you really understand the material in the Study Guide.
9. Get a good night's rest before the test. If you work the night shift, try to have the night before the test off.
10. Try to relax as much as possible during the test.

Wear comfortable clothing. Bring along a picture identification such as a drivers license. **Agility Testing will be scheduled at a later time. You will be notified in writing of your success or failure of the written test and will be scheduled for the polygraph examination by phone. Please keep LPD notified of any address or phone changes after you submit an application.**

We must have a signed waiver of liability form before you will be allowed to participate in the agility test.

Physical Agility Testing

The Lafayette Police Civil Service Commission has adopted a rule requiring a physical agility testing of every applicant. The testing will gauge muscular strength, muscular endurance, cardiovascular endurance and musculoskeletal flexibility. The standards set for successful completion of this agility test are those of the Indiana Law Enforcement Training Board and are the requirements set for successful completion of the of the Basic Course (Police Academy).

FREQUENTLY ASKED QUESTIONS:

Why was this physical fitness test selected?

In 1998 Indiana's Law Enforcement Training Board examined the need for physical fitness standards for successful completion of the Basic Course. It was determined to be of utmost importance to implement test/standards/programs that differentiate between those who can and cannot do the job of a police officer regardless of age, gender, race or disability.

Public safety studies consistently show several critical physical tasks that are job related and essential functions of the job. Sustained pursuit.....Aerobic power

Sprints.....Anaerobic power

Dodging..... Aerobic/anaerobic power and flexibility

Lifting and carrying..... Muscular strength and endurance/anaerobic

power

Dragging, pulling and pushing.....Muscular strength and endurance/anaerobic

power

Jumping and vaulting..... Anaerobic power/leg power and strength

Crawling..... Muscular endurance/flexibility

Use of Force..... Muscular strength and endurance/aerobic

and anaerobic power

The test designed by LETB has scientific evidence for having construct and criterion validity as measuring job related factors, and the established norms are scientifically valid norms based on general law enforcement samples.

What are the physical fitness requirements established for this test?

There are five (5) physical fitness components that will be measured as a battery of tests. Applicants should understand that these tests will involve periods of physical exertion and that, as with any physical activity, certain risks are inherent. Applicants will be expected to read, and sign the enclosed Waiver Form and return it with the application. Persons who do not sign and return the Waiver Form will be excluded from the testing and will therefore be dropped from consideration. The physical agility tests will be conducted at the conclusion of the written aptitude testing and will be given in the order shown below.

1. **Vertical Jump.** This measures leg power and consists of measuring how high a person can jump.
2. **One Minute Sit Ups.** This measures abdominal, or trunk, muscular endurance. While laying on his/her back, the student will be given one (1) minute to do as many bent leg situps as possible.
3. **300 Meter Run.** This measures anaerobic power, or the ability to make an intense burst of effort for a short time period or distance. This component consists of sprinting 300 meters as fast as possible.

4. **Maximum Push Ups.** This measures the muscular endurance of the upper body. This component consists of doing as many push ups as possible until muscular failure.
5. **1.5 Mile Run.** This measures aerobic power or cardiovascular endurance (stamina over time.) To complete this component you must run/walk, as fast as possible, a distance of 1.5 miles.

Minimum Passing Performance

Vertical Jump	16 inches
One Minute Sit Ups	29
300 Meter Run	71 Seconds
Maximum Push Ups	25
1.5 Mile Run	16 minutes 28 seconds

Since the failure to meet the above standards will result in your disqualification it is imperative to begin training **NOW**. We recommend you see your personal physician prior to beginning any physical fitness program. Some general guidelines for achieving the above stated goals include the following. Start Slowly; Too much too soon is the biggest cause of injury. Have a planned progressive program. Equipment; A good pair of running shoes and proper clothing for weather conditions is important. Drink plenty of water. Exercise; The body is exercise specific. Work on exercises such as running, push-ups, jumping, and sit-ups. Begin slowly and work up to your maximum goal. For example, begin by walking rapidly for 30 minutes, five times a week. After the first week progress to walking and jogging at equal intervals. The goal is to build up to jogging 30 to 40 minutes, five times a week. Test yourself for the maximum number of continuous push-ups and sit-ups you can do. Take half those numbers and do exercises five days per week and add one repetition each day. After two weeks, start with two sets and continue to add one repetition per session.

Take an honest appraisal of your current abilities and what you feel you may be able to perform by test day. The stated goals are not difficult and will be reached by the majority of applicants. Some applicants will require more training and preparation to meet these goals than others. If your desire is to become a police officer in the state of Indiana these are the goals you must reach. If, in your own assessment, you feel you may not be able to reach these goals by test day it might be better for you to continue training until a future test. The Lafayette Police Department offers one or two tests per year, almost every year.

For more information see the **ILEA (Indiana Law Enforcement Academy)** web site.

MINIMUM QUALIFICATIONS

NO EXCEPTIONS ARE MADE TO THE FOLLOWING MINIMUM QUALIFICATIONS

1. **CITIZENSHIP:** An applicant must be a citizen of the United States of America.
2. **AGE:** An applicant must be, at the time of application, at least twenty-one (21) years of age.
3. **FELONY CONVICTION:** An applicant may not be appointed if he/she has a judgment of conviction for a felony.
4. **HIGH SCHOOL GRAD:** An applicant must be a graduate of a duly accredited high school and must supply a copy of his transcripts with the completed application form. An applicant who has received a G.E.D. from an accredited high school or the Military shall be considered as having graduated from an accredited high school.
5. **CHARACTER:** An applicant must be of "good moral character".

Moral Character Issues

Traffic, Juvenile, and Criminal Arrests.

All candidates' traffic or criminal histories will be reviewed and may serve as a basis for disqualification from the selection process. Convictions, arrests, and admissions will be assessed with particular attention given but not limited to the pattern of violations, seriousness, surrounding circumstances, number of incidents, and their recency. Conduct that occurred in the recent past would be considered more damaging than conduct that happened several years ago. Juvenile arrests or misdemeanor arrests may not be grounds for disqualification but these will be evaluated on a case-by-case basis. Conviction of a felony or the reasonable belief the candidate committed a felony will be cause for immediate disqualification.

Completeness and truthfulness on the application is highly important. It is much better to admit to perceived faults on the application than to omit information. Do not omit information because of a lack of space for a response on the application form. If more space is needed to explain special circumstances use a separate sheet of paper, note the corresponding question number and describe the incident, circumstances and outcome in as much detail as is needed. Applications that are incomplete may not be reviewed. All requested documentation must accompany the application unless prior approval has been given. **Your ability to follow instructions will be judged based in large part on the application you submit.**

Candidates chosen as recruit officers will be judged on a wide variety of skills and traits throughout the selection process including honesty, integrity, courage, communication skills, education, adaptability, common sense, work ethic and special skills among others.

APPLICATION/APPOINTMENT PROCESS

- 1.) Applicants must submit a completed application form, along with all requested documentation. The Lafayette Police Civil Service Commission (Merit Board) will evaluate each application. Recommendation for testing of applicants will be at the discretion of the Merit Board. Each applicant must then take the next available aptitude test from the date he or she is recommended for testing. Any applicant who fails to qualify at any phase of the application process or whose application is not considered during a particular test pool period may not reapply for at least one calendar year from the date the applicant is rejected.
- 2.) Each applicant must take and pass aptitude and agility tests to determine physical condition and general aptitude in order to remain in the hiring pool. Testing time, date, and location will be provided to those applicants recommended by the Merit Commission. A description of the agility test will also be provided with the application. Due to cost considerations it will not be possible to offer make-up aptitude testing opportunities. Following the testing each application will be carefully reviewed, along with test results. Reviewing officers will determine the order in which applicants proceed to the next phase of the process.
- 3.) The next phase of the process is a formal interview with the Captains of the police department who will interview and rate the applicants.
- 4.) Applicants who are given a favorable recommendation by the Board of Captains will be scheduled for a Polygraph examination which will be administered by a qualified polygraph examiner.
- 5.) Those who pass the polygraph examination will next be given the Physical Agility Test. Time, date and location will be provided.
- 6.) Those applicants who pass the agility testing will move next to the Background Investigation phase. Trained investigators will be assigned to look into every aspect of the applicant's life. The Lafayette Police Department wishes to hire conscientious persons with integrity and good character. An investigator will check for a criminal history, examine your driving record, and canvass current and former neighbors for an understanding of your good and bad qualities. Past and current employers, co-workers, friends, acquaintances, teachers, family and others may be contacted. This step in the process may take several weeks to complete and may require further information be provided to the investigator. This phase usually begins with an in-depth interview with the investigator at a location of the investigator's choice. Each applicant who reaches this stage will be required to provide a current "credit report" from one of the national credit reporting agencies. This will be provided at the expense of the applicant.
- 7.) Written testing scores, agility test results, polygraph test report, Board of Captains evaluation and report, and the Background report will be provided to the Merit Board and they will interview applicants for final selection. An applicant's appointment is conditional upon meeting the provisions for membership in the 1977 Police Pension and Disability Fund (PERF) under IC36-8-8-1 et. seq. (IC 36-8-3-21). After extending a conditional offer of employment to an applicant a medical examination and psychological evaluation will be completed (at no cost to the applicant) and results of those examinations will be presented first to the local Pension Board for their review and a

brief interview with the applicant and finally to PERF for their approval. Approval from PERF can take up to 4 weeks.

The entire process from test date to being sworn-in as a Lafayette Police officer can take several months. We will contact you as you progress through each phase and those applicants who are disqualified at any phase will receive a notice of such disqualification. Any changes in address and phone numbers through the process should be reported in writing the Administrative Services Division.

The employment of any applicant is considered probationary for a period of one (1) year and that may be extended for a period not to exceed 6 additional months, upon the recommendation of the Chief.

Misdemeanor Crime of Domestic Violence Notice

The Omnibus Consolidated Appropriations Act of 1997 made it unlawful for any person convicted of a "Misdemeanor Crime of Domestic Violence" to possess, or receive firearms or ammunition. "Misdemeanor crime of Domestic Violence" is generally defined as any offense – whether or not explicitly described in a statute as a crime of Domestic Violence – which has as its factual basis, the use or attempted use of physical force, or the threatened use of a deadly weapon, committed by the victims current or former domestic partner, parent or guardian. The term "convicted" is generally defined by the statute as excluding anyone whose conviction has been expunged or set aside, or has received a pardon.

This prohibition DOES apply to all Law Enforcement Officers. If this statute affects you you would not be eligible for appointment as a police officer with the Lafayette Police Department.

Have you ever been convicted of a misdemeanor crime of Domestic Violence within the meaning of the statute?
